- i. Moved by Kimberly
- ii. Seconded by Aime
- iii. Vote: 8-0-2
 - 1. Minutes approved

IV. President's Announcements

- a. Meetings with Provost and President Jebb rescheduled due to Snow Day
- b. Post-State of the College Discussion tomorrow, 3/3, at 1:15 pm at Pav: this is an opportunity to talk about what we would like about the state of the college and other items we want discussed more in depth. This is open to members of the community. This will be set up as a round table.
- c. Next Future Series Event on “The Future of Work: Learning & Labor” Mon, 3/7, at 1 pm at Pav; link to pre-register is due by today: <https://www.ramapo.edu/president/the-future-series-3-7-22-rsvp-form/>
 - i. email bwillial@ramapo.edu if you miss the registration date but would still like to go.
- d. Meeting with Pandemic Assessment Team (PAT) Tues, 3/8, at 3 pm
 - i. Items wanting to be discussed:
 - 1. Secretary of Governmental Affairs Danny Gurniak: Thanks everyone for your hard work. Waiting on mask updates in light of the new CDC update. At this point we need to remove the mask mandate. Scientific and governing bodies have said Ramapo and Bergen County are safe to operate without masks. We are now in a green zone. We should remove mask mandates and no guest policies in dorms. We need to move forward.
 - 2. Graduate School Senator Andraya Annucci : I agree that we should look at the guest and mask policy and address whether we should have proof of vaccination or proof of negative test requirement for allowing visitors on campus.
 - 3. Secretary of D&I Cristina NavarreteCarpizo : Although the mask mandate is coming up, some people are unvaccinated. When it comes to the mask mandate, who will be allowed to stop wearing masks? Only vaccinated and boosted students and staff or everyone?
 - a. Secretary of Governmental Affairs Danny Gurniak: Discrimination issue if you require certain people to wear masks and certain people to not wear masks. At this point the CDC said individual vaccination status is not a consideration. I agree we should be safe but we need to be in line with our partners. Ex: Seton Hall, K-12 schools, some schools in New York. Unvaccinated Congressmembers did not have to wear a mask yesterday. Another argument is the Spring Break issue and I don't think that should even be an issue.
 - b. Higher education guidance; CDC recommends indoor masking in public for everyone in **areas of substantial or high transmission**:
<https://www.cdc.gov/coronavirus/2019-ncov/community/colleges-universities/considerations.html>. To track the community data and transmission

level, visit link (updated 2/25/2022):

<https://www.cdc.gov/coronavirus/2019-ncov/your-health/covid-by-county.html>

- c. Senate VP Kimberly Santana : I agree the mask mandate should be lifted but like Andy mentioned there should be some stipulations. Like at least a negative covid test result because we're wearing masks to protect one another from spreading COVID. Maybe the reason no one wore masks at the Congress is that they got COVID testing. We don't know. I don't see the unvaccinated wearing a mask at discination. We're protecting them and ourselves. I think we should be protecting the people who are less medically well. Yes it is moving forward and we have progressed but we shouldn't forget why we did all of this and the people who lost their lives.
- d. Secretary of D&I Cristina NavarreteCarpizo : We should be considering both sides. When someone is immunocompromised and can't get the vaccine, everyone around them is getting the vaccine to avoid passing COVID to them. We should be empathetic to those who are immunocompromised. People who simply do not want to wear their mask or get their vaccine, we have to be considerate of people who can't take the vaccine. We should find a common middle ground where mask policies are lifted but we also protect those who are immunocompromised, who can not take the vaccine, or have religious exemptions for their own safety. We have to be patient. Maybe we can lift the visitor mandate for commuters. But be patient about unmasking to protect people who can not get the vaccine.
- e. Senator Aime Lara: People who are not vaccinated have to be tested weekly. Aside from religious and health conditions, can we have people be allowed to wear masks if they want to on campus?
 - i. Point of Clarification by Senate VP Kimberly Santana: What was brought up, for commuters who want to visit they don't need a vaccine. For people who do not go here, the suggestion was for them to take a negative test or show proof of vaccination.
 - ii. Senator Aime Lara: In that case isn't it best for outside visitors to show proof of a negative COVID-19 test? Just at the beginning of this stage as we remove the masks. We need precautions
- f. Senator Weina X: I approve removing the mask mandate but want to stress that inside a classroom should be left up to Professor's discretion because professors who teach the course might not be comfortable without masks and will feel safer if we remain masks in classrooms.
- g. Senator Ashley Gomez: I agree we should lift the mask mandate at some point but it's important to keep spring break in mind. People travel and can contract COVID regardless of vaccination status. If we do lift mask mandates and there's

an outbreak everything can regress and we don't want that. I don't think we should move so quickly. Possibly making it optional - people can still wear it if they still choose to do so. But if you wear your mask and other people don't you're not as protected as when everyone else is wearing masks. We should take steps slowly because we don't want an outbreak. In regards to the commuters and visitors. There is no way to determine whether outside visitors have vaccination or test status. People could really just walk into buildings and dorms so that's important to recognize. How are we going to be able to regulate and track visitors getting tested weekly (outside visitors)?

- i. Senate President Witte: Dean Van Der Wall said that spring break was one of the main concerns. Last year there was no spring break and Dean Van Der Wall said that was an option this year however because they deemed that it was important for Spring Break, so our mask mandates will be held until after spring break.
- h. Secretary of Governmental Affairs Danny Gurniak: Seton hall's policy allows the discretion of whether to wear masks up to the professor. K-12 in NJ, masks are optional but teachers can not require it. Getting back to the science, the CDC and the Health Department have spoken and we have been following them for almost two years. I'm not advocating for everyone to be required to not wear a mask. people should have the choice to wear or not wear a mask. The outbreak argument for Spring Break is important but the risk is just as high if 21+ students go to Brady's or a bar or party and come back to school. You can not dictate what people do outside of school. To keep the mask mandate for another month seems counterintuitive. I think there should be a choice. There is information that says one way of masking is protected if you're wearing an N95 mask and are vaccinated and boosted. I think enforcing the commuter policy where they can not go into residence halls is very hard to enforce as is and is just counterintuitive to our mission as a college. In the state of the college address we mentioned the physical health of our school and revenue. I am a tour guide and in almost every tour I get asked about when mask policies will be lifted at Ramapo. People are interested in that. If we keep prolonging the inevitable thing we will lose revenue and people aren't going to want to come here. We have to talk about physical health as much as anyone else. People should have their own choice of whether to wear a mask. That's what the science says and we should be following that science.
- i. Executive Panelist John Waite: Point of clarification: Danny used the word discrimination in regards to vaccination status. Is vaccination status a protected class?
 - i. Gurniak: I was talking specifically about an issue last summer. From what I understand, in our original return to campus plans we were going

STUDENT GOVERNMENT ASSOCIATION

o. (201) 684-7271

e: sga@ramapo.edu | ramapo.edu/sga

to be mask optional but then were required to wear masks because of Delta Policy. If you only make unvaccinated students wear a mask there could be a discrimination issue. It can be medical discrimination is what I understood.

- ii. Waite: Have you heard about colleges facing liability for this?
 - Gurniak: I have not. I don't think that's the risk we're facing at this point. I don't think our school would be sued for lifting a mask mandate in conjunction with the rest of our state and country.
- iii. Waite: In the event we do lift the mask mandate and there is some outbreak. Could there be a liability there rather than delaying and waiting to see it?
 - Gurniak: I'm not a lawyer so I don't actually know. The CDC has said we don't have to wear masks in Bergen county and the higher education department of health has also said we don't have to do it. If we've always followed that I don't see how there's a difference now.
 - Senate VP Santana: We are a public college.
- iv. Senator Aime: comparing people who are leaving the country with people who are 21+ is not a comparable situation. I think we should lift mask mandates but we should wait a month after people come back to school.
- v. Senator Weina: Of the systems where you can not require students to keep their masks on or it is up to the discretion of the professor which do you prefer (Danny)?
 - ii. Email sgapresident@ramapo.edu if you have anything you want to bring up.
- e. Need at least 3 SGA members to be on panel next Weds, 3/9, from 6-7 pm in Alumni; panel will be comparing student life with RCNJ's first class — any volunteers? (can count for SGA co-sponsorship req since it is in partnership with the Mahwah Museum).
 - i. Kimberly, Helen, and Jenna, Andy, Ashley, Patricia
- f. Working with ITS to fix middle computer in SGA Office on side of the room
- g. Reminders
 - i. Keep showing at SGA co-sponsored events; students from those clubs and orgs really appreciate it!
 - ii. If interested in serving on SGA General Election Committee, please email sgapresident@ramapo.edu — must be a graduating student/leaving SGA after May 1st, 2022!

V. Cabinet Reports

- a. Vice President Paolo Miyashiro Bedoya

- i. New SGA Organizational Chart is done! Will be hung up in the office, and uploaded on website, Drive, and Archway.

- p. Student Governor Nazli Tiyaloglu (Naz) (Speaking on behalf of Alternate Student Governor**)
 - i. The search for the new alternate student governor is on! Please spread the word to your peers and send me recommendations if you have any. Applications are due by April.

VI. New Business

- a. Finalizing Date/Time Preferences for SGA Professional Headshots - Anjali
 - i. Had a discussion at the Senate meeting this Monday.
 - ii. VP Paolo: Considering doing it in a time that slides into general. For example: 12:30pm. Could bleed into a general meeting. Caroline doesn't need that much time. If we need another day to do that we can come up with an alternate day.
 - iii. Considering an upcoming Wednesday at a general meeting from 12:30pm - however long it takes.
 - iv. Is anyone opposed? (No).
 - 1. Secretary of D&I Cristina: It's for headshots for everyone in SGA right? Do we have to email to schedule or just show up?
 - 2. President Patel: Just show up. Dress for a professional headshot. It will be used and put onto a Meet the SGA post, potentially on the SGA website, you can also use it for personal or professional use. Look at the Ramapo College Scholarship winner photos and go off of those for ideas of what to wear.

VII. Public Comment

- a. Advisor Jack Nesmith: 2022 Student Leadership Awards
 - i. Due 3/7 at 11:59pm on Archway. Please get them in. Recommends everyone to apply for this. Great way for you all to get honored for your hard work.
 - ii. Common questions:
 - 1. If you have any issues with the form please contact me or leaders@ramapo.edu
 - 2. You only need to have one person be your recommendation. Give them a heads up so they know and can complete the form that goes to that person. They must have a

ramapo.edu email and it must be a faculty or staff member or graduate assistant or intern but can not be a ramapo undergraduate student.

- iii. Take your time on the application and look at it as a reflection of what you're doing.
- iv. Encourage your friends to apply.
- b. Advisor Jack Nesmith: Project LEAD Session called Building Your Brand to Success (3/3/22)
 - i. 3/3 from 1pm-2pm in A101. Free pizza. Bring a buddy.
- c. Adam (Junior Commuter): COVID policies are quite ridiculous.
 - i. Recently on Valentine's day he went to give his girlfriend flowers. Public Safety is annoying and gives citations out for unimportant things. I wasn't aware of the COVID policy on visitors. I am vaccinated and boosted and now have a hearing. I don't think anything separates us from the vaccination status. I think we need campus life back at Ramapo. The safest time to do that is right now. The cases are at the lowest point throughout the entire pandemic. What are we waiting for? We have high efficiencies in vaccines and medical mitigations. It does not make sense to allow residents to visit one another but a commuter can't if they're vaccinated and/or boosted. Nothing should stop us from visiting someone else. If we can guarantee that someone is vaccinated on their ID then nothing should stop us. For masks we should drop them because it's the safest time right now and the goal should not be zero cases of COVID. Masks should be a choice. If we are vaccinated at this campus then the COVID virus is mitigated to the severity of the flu which we have been living with for years now. If there is another outbreak we can reevaluate. Right now is the safest throughout the entire pandemic. We should not be controlling other peoples' lives. It should be everyone's choice to do so.

VIII. Open Forum

- a. Senate Vice President Kimberly Santana: Democracy Matters is having a tabling fundraiser next week for Ukraine relief. Date/time is TBD. Please come and pitch in. This is through the United Nations and will actually go to Ukraine.
- b. President Patel: Next wednesday there's a speaker of women's herstory month. The time of that conflicts with General. This is from 1pm-2:30pm. Helen and Advisors, what do we want to do with next week's general?
 - i. Senate President Witte: It's important to support speakers. I'm fine with it.
 - ii. Advisor Anne Eke: I don't have an opinion at the moment about it. Do we typically go to that presentation? Can we reserve the decision until we see what's on the agenda?
 - 1. President Patel: I think Marie wants an answer from me soon on whether SGA as a whole wants to attend.
 - 2. Senator Misha: We can attend for an hour and then go to the General afterwards.
 - a. VP Paolo: Is it just a speaker for 1.5 hours?
 - b. Senator Misha: I think so.

- c. VP Paolo: A suggestion - unless there is anything pressing on the general we need to talk about then I suggest cutting general and not leaving in the middle of the speaker.
- iii. Senate President Witte: If nobody has anything pressing for next week we will cancel general.
- iv. President Patel: This is mandatory so if you are not there you will be marked absent.
- v. Senator Aime Lara: Can we add the information in the agenda?
 - 1. President Patel: It will be sent to everyone after checking with Marie.
- c. Secretary of D&I Cristina: I heard there was drama within clubs since I came to Ramapo. That's a reason why similar organizations don't co-sponsor with each other. For example Chibad and Hilal. In the Cabinet Meeting we talk about the training of how to maintain professionalism so organizations work with one another. When organizations are not co-sponsoring with one another they're just hurting their organizations by creating more division in Ramapo College.
 - i. Senate VP Santana: The clubs she mentioned were examples of interclub issues. There may not be issues now but have been in the past.
 - ii. President Anjali: This is an ongoing issue which is why clubs and organizations are not throwing events together because there's interpersonal conflicts with club eboard members which has transitioned down to new administrations of club organizations and transferred into campus life. We were thinking, what can be a solution to get campus energy back? A few years ago it was not like that at all. Not sure how many clubs and organizations apply it but it seems like within multicultural and religious clubs this is a case. Because there is a RLI training for these club officers when we move in before fall semesters, maybe it can be helpful for one part of that training to cover professionalism so clubs know that they have to work together for the common goal of making sure campus life is good for students. We were thinking during the Club process Committee we can ask potential club officers how they would prepare if a scenario happens so they have expectations going forward on how to find solutions. When they get to the point when they're speaking with CSI when going to be approved they can speak with the club leaders as well.
 - iii. VP Paolo: This is good to bring up Rojja (Liaison from CSI) and to bring up at RLI. There are some SGA's who are much more hands-on with the student clubs and organizations than we are. All we do is the club approval process and in years past we did allocations. Right now we just approve new clubs. Allocations is when clubs have blogger events outside of their normal budget and ask for money specifically for that budget. I think this is a good thing to bring up to CSI especially when they do club officer meetings. At the end of the day people will be petty and interpersonal issues may come up no matter what but we should do our best in terms of professionalism. These are good ideas to bring up to CSI.
 - iv. Senator Aime Lara: Can SGA or CSI intervene within clubs not co-sponsoring with one another?
 - 1. VP Paolo: CSI let's clubs be independent. I don't know if CSI has the time or wants to have mediations with clubs.
 - 2. Senator Lara: Can there be a requirement for this club to do a co-sponsorship with clubs that are similar to them?

- a. It is not a requirement not but is encouraged. Clubs have an event requirement. Co-sponsorship is a secondary thing and is encouraged but not required. Not sure it's necessary for it to be required.
- v. Graduate School Senator Andy: Perhaps we can look at new clubs being formed in CPC and before we send them to be approved we can see how similar they are to existing clubs. Another idea is to have a committee or group where club leaders can meet outside of these required meetings to talk about issues they have within their required Eboards.
 - 1. VP Paolo: We already check if a club is unique. We can integrate workshops with club leaders whether in SGA or LIS. Someone can contact Rojja (liaison to CSI).
- vi. Senate President Witte: Would it be helpful to have an intervention process where people who are having club problems can have a resolution meeting. Either with SGA or CSI Staff.
 - 1. VP Paolo: Interesting idea but I don't think clubs would mediate this. Equating it to a roommate situation with RA's. I don't think we have that authority over clubs to do that. That's a great idea that can be brought up to CSI. They might say clubs have to realize on their own the importance of having good relations.

IX. Adjournment

Meeting adjourned at 2:34pm
